

Fiesta Rotaria provides fun, food and bargains for April Fool's Day

Some may have been out playing pranks in Sunday, the first day of April, but most Arubans indulged in the serious business of bargain shopping at the annual Fiesta Rotaria taking place in the field across from the Talk of the Town Resort.

It is a festive day from morning to evening, with a flea market offering anything and everything. Bargains on electronics, furniture, stationary and books, food and clothing were hauled away by the truckload. Many bought a delicious and inexpensive lunch provided by the kitchens of the Marriott Resort, the Divi Mega All-Inclusive Resort, and the Amazonia Restaurant. They were able to relax under one of the many covered dining areas provided, which also proved to be shelter from a downpour in the middle of the day. The skies opening up didn't dampen a single spirit as they relaxed and enjoyed a parade of performers on the stage in a show hosted by popular DJ Ivan Kelly.

The Fiesta Rotaria, conducted by the Rotary Club raises thousands of florins to finance the many charitable foundations they support, including the Centro Kibrahacha for the elderly. Arubans look forward to the open air fair with eager anticipation, and they are never disappointed in this wonderful day, which provides entertainment for all ages and sustains important projects for the community.
